## MORRIS BUILDERS HONORED WITH AWARD FOR “BEST FAMILY ROOM”

GRAND RAPIDS, MI. – Morris Builders, Inc. received the Award for “Best Family Room” at the recent Awards of Excellence Banquet, presented by the Home & Building Association of Greater Grand Rapids. The home is located in Rockford and the project was on display to the public during the Showcase of Remodeled Homes this past April.

The family room was a complete room addition. It features a spectacular wall of staggered windows, vaulted ceiling with beams, duraceramic floor, plus built-in entertainment center and custom cabinetry. The wall of windows features a panoramic view overlooking a lovely wooded area. The space was part of a three room make-over of the family room, kitchen and dining area.

According to Joy Morris, “The family wanted a ‘truly grand’ Great Room for entertaining family and friends. The entire project involved the family room, dining area and a kitchen re-model. With an airy, free flowing, open design, the kitchen is immediately adjacent to the family room and dining area. It’s a great space for social gatherings and entertaining lots of friends.”

Kirk Morris adds, “With more and more people opting to keep their homes, remodeling makes sense. It’s an excellent way to update the design, get more enjoyment from your home and add to the eventual re-sale value.”
